

The national restrictions end on December 2nd and England will now move back into the previous tier system.

Regardless of what tier you're in shops, personal care, gyms and the wider leisure sector will re-open, but restrictions will be in place to help prevent the spread of the virus.

The Government has placed Derbyshire and Derby into **Tier 3 (Very High)** coronavirus alert level. This means:

- you must not meet socially indoors, or in most outdoor places, with anybody you do not live with or who is not in your support bubble
- you must not socialise in a group of more than 6 in some other outdoor public spaces, including parks, beaches or countryside accessible to the public
- hospitality settings, such as bars pubs, cafes and restaurants are closed but can operate a take-out or collection service
- accommodation such as hotels, B&Bs, campsites, and guest houses must close
- indoor entertainment and tourist venues must close
- exercise classes and organised sport can take place outdoors but avoid higher-risk contact activity, none indoors unless it is with a household or bubble, organised sport for elite athletes, under 18s and people with disabilities can continue
- you should avoid travelling to other parts of the UK, including for overnight stays, other than where necessary.

Thank you for your continued support and efforts in the fight against coronavirus. More information on the tier system and what it means can be found in the [Government's Covid-19 Winter Plan](#).
